

4-H Electric Project Activity Form

Objective: To provide each county with the necessary supplies and materials for construction of an electric project that will involve mastery of several electrical tools and learning techniques associated within the Electric Program and project.

Electric Activity: This electric project will be constructed during a workshop, seminar, and/or planned group activity in the selected county. Applicants must complete the following form in order to receive project materials provided for making the electric activity. All recipients must attend a designated training session which will provide training instructions on the construction of the project, handouts, evaluation materials and kits for assembly in your county workshop.

Please submit this form with all of the requested information.
